This Home Cinema pack which is composed of 5 Bird speakers perfectly represents the Bird line: offering the acoustic quality that flat-panel displays deserve. You no longer have to choose between audio and video quality. The light and compact satellites can be perched on the wall or on your furniture according to your desire. The satellites will make you travel in a higher dimension: an amazing cinema experience at home! There’s no need to redesign your interior according to your sound system, your sound system can be easily and discreetly integrated into your interior, reproducing the soundtracks of your favorite films with power and precision. Having these veritable high-fidelity speakers as part of your 5.1 Home Cinema system will plunge you into the heart of the works of the seventh art.

### Key points
- Real 2-way loudspeakers
- Focal design and technology, inspired by high-fidelity loudspeakers
- The ideal solution for rooms measuring 30 to 40m²
- Five similar loudspeakers, easy to install
- Trendy and compact: they can be mounted to a wall, ceiling, furniture or to an optional stand
- Cub³ subwoofer
