The Chorus 726 embodies the affordable traditional high-end loudspeaker: the restyled cabinet, combined with the new design of the cloth frames give these speakers a modern and slender look. Very technologically advanced, the 3-way design combines the exceptional definition of the midrange and the power of the two 6.5" (16.5cm) woofers, providing a great, ample and generous sound for spaces up to 430ft² (40m²).
