The invisible great Focal sound.
The Focal Professional Commercial Integration range is the answer to two fundamental constraints:
- offering very high quality sound audio solutions
- promoting product integration to preserve architectural harmony.

Applications:
The Cub² amplified bass enclosure is the perfect complement to Sib-T and Sib XL-T. It offers an important extra bass as well as a stereo amplifier to supply the Sib-T and Sib XL-T loudspeakers. Its design permits an easy installation under a platform and can also be placed in a room corner.

Packaging
1 Cub² amplified bass enclosure
1 sound level remote control

Environmental characteristics
Ambient temperature
-25 °C to + 55 °C

Installation synoptic
