ARIA K2 CENTER

Product sheet

The Aria K2 Center loudspeaker is the perfect complement to the other Aria K2 models in a Home Cinema configuration. The tonal pairing between the different products in the range provides great homogeneity and sound consistency for each system. Recommended as a central channel for rooms from 215.28ft² (20m²), with a listening distance of 9.84ft (3m).

**Key points**
- K2 sandwich cone in aramid fibre.
