**Integration IS 130**

2-way component kit

**TECHNICAL CHARACTERISTICS**

- Diameter: 5" (130mm)
- Voice-coil diameter: 1" (25.5mm)
- Voice-coil height: 0.53" (8.4mm)
- Magnet: 2 13/32" (72mm)
- Processed Aluminum inverted dome tweeter

**Integrated crossover:** 6/6dB/oct

- Max. power: 120W
- Nom. power: 60W rms

**Sensitivity (2.83V/1m):** 91.9dB

**Frequency response:** 75Hz – 20kHz

**Accessories:** Supplied grilles

**ADVANTAGES**

- High sensitivity
- Partial horn loading tweeter
- Dynamics and neutrality
- Mounting depth: 1 15/16" (48.9mm)
- 2 tweeter support types

- Butyl surround
  - Excellent reliability

- Partial horn loading
  - Best positioning of soundstage

- Polyglass cone
  - Neutral sound without coloration

- Processed Aluminum inverted dome tweeter
  - Smoothness and definition without directivity

- Phase plug
  - Better dispersion

- Tilted mounting
  - Easy installation

- Woofer crossover

- Assembly option: car and display
