Real technological twin sister of the Grande Utopia EM, the Stella Utopia EM has absorbed the gist of the most outstanding innovations, in a 3-way version and with more convenient dimensions. The new 13″ (33cm) built-in W woofer works with the same electro-magnet as in the Grande Utopia EM, which is as well efficient in the infrabass as in the midbass. A major innovation that makes you rediscover all the dynamics and definition in a critical frequency response that’s totally brought to light by the Stella Utopia EM.
